**Purpose: Crime Victims Compensation Provider Reimbursement Rates, WAC 296-30-090, What are the maximum allowable fees?** Due to an increase in medical costs paid by the Crime Victims Compensation Program, it has been determined that the current appropriation will not be sufficient to carry the program through this biennium. RCW 7.68.080 (2)(b) gives the department the authority to set the service levels and fees no lower than those established by the department of social and health services under Title 74 RCW. The purpose of this rule is to lower provider reimbursement rates for services to crime victims to those of the department of social and health services. Lowering the reimbursement rates for services has the least onerous impact on crime victims.

**EMERGENCY RULE ONLY**

Under RCW 34.05.350 the agency for good cause finds:

- ☒ That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.  
☐ That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: Due to an increase in medical costs paid by the crime victims compensation program, it has been determined that the current appropriation will not be sufficient to carry the program through the biennium. The time line required for the permanent rule process is too lengthy to affect needed fiscal savings during the current biennium. Lowering the reimbursement rate to providers is the least onerous impact on crime victims.
